

POLICY 660 – OPERATING BUDGET

The Board of Education views the preparation and approval of the Annual and Amended Annual Operating Budgets as a major Board responsibility. The Board also believes that there must be opportunities for meaningful input from employees, parents, and the community in the development of the budget.

An annual operating budget is a financial plan reflecting the objectives established by the Board of Education for the school/fiscal year to which the budget applies. The budget should further support the implementation and maintenance of the District's Strategic and Operational Plans, consistent with the Board's mission, vision, and values statements.
